ANNOUNCEMENT TO THE TRADE,—

Our seedling orders are filled direct from the ground—No Celared or Stored Stock. You get your plants and trees fresh and alive. This means much to you. Early orders will please us, and you may rest assured we will do our best to please you.

Prices in this list abrogate previous quotations, and are subject to change without notice.

Prices in this list are for the trade only and are subject to the stock being unsold when order is received. Orders are subject to loss by frost, hail or any other cause over which I have no control. Prices include careful packing in the best manner. Boxes and barrels at cost. 250 of a kind at the thousand rate. Special prices on large quantities. Send us your list of wants and we will gladly price them.

In No Case will we be responsible for goods after consignment to purchaser and delivery to forwarding agent. When losses occur by delay or other cause, of whatever nature, while goods are at terminals or in transit, make claim at once on forwarding companies.

A CLEAN BILL OF HEALTH from the State Entomologist accompanies all orders. The greatest care is exercised to have and keep everything true-to-name and as represented. We will replace all that prove otherwise, or refund money paid for same. But in no case shall we be liable for a greater sum than originally paid.

TERMS—Cash, or satisfactory reference from unknown parties. 2% discount for cash; 60 days net. On all bills overdue interest will be charged.

ATLANTIC NURSERY CO., INC.

Deciduous Trees, Shrubs and Vines.

Yucca Filamentosa,	2 year	3.00	20.00

EVERGREENS.

Owing to the fact that we practically sold out on all two-year seedling stock last season we do not quote prices this year. We have quite a lot of transplants in Norway and White Spruce, Biota Orientalis, Retinosporas and Thuya in named sorts also thousands of one-year Pine, Spruce, Thuya, Juniperus, Etc. that will run about two inches, nice stock, but they may be too small for you this season. If you are interested in any of the above stock will be pleased to quote you on application.

Your special attention is called to the fact that we are strictly wholesale growers and make a specialty of lining out stock for Nurserymen and Florists. When you buy of us you get the best. We started to grow this kind of stock years ago; and have increased our plantings every year and we have no surplus at the end of the season.

Stock of most all kinds is scarce this season and we have already sold out on a good many items and sizes. Prices in this list are subject to stock being unsold when order is received.

HARDY PERENNIALS.

As we have sold close on all varieties of perennials and herbaceous plants, prices and varieties are subject to correspondence. Send your want lists.

HARDWOOD CUTTINGS. Hand Made. No. 1 vigorous stock. We will have a surplus of Deutzia Cornus, Populus, Salix and some other sorts. If interested, get our prices.

Asparagus Plants.

Conover's, Barr's, Palmetto and Columbian White.

Strong one-year plants \$7.00 per thousand; two-year plants \$10.00 per thousand.

DAHLIAS AND GLADOLIA. While we have our usual assortment of choice varieties and are trying hard to keep up with the procession. We have no large surplus of any kind. If you are in need of good stock, true to name, would be pleased to have your lists and will gladly price same if we have the sorts you want. If we have not will promptly tell you so.

NARCISSI. We are still in the game and it is a going proposition with us, as we find our climate and soil is very suitable for the production of good hard bulbs.

NOTICE. We are in the market for hardwood cuttings of trees and shrubs and tree seeds of all kinds.

Besides the stock mentioned in this list, we have a good many items in small quantities not mentioned in our list. Prices subject to correspondence.

"It's all right to make both ends meet, but don't forget the middle" We are on one end, the small end, producing seedlings and lining out stock. YOU, Mr. Nurseryman and Florist, are on the other end, the big end, selling the finished product. Are you forgetting the middle? Is your nursery and houses full of finished goods and nothing to take their place when sold? I am afraid that is the condition in a good many establishments. You find lots of larger ornamentals but very little young stuff coming on. The big specimens are all right for the man of millions, but, the masses want young, smooth, thrifty stock at moderate prices. The cities are crowded. People need homes. They want homes. They are going to have homes as soon as times become normal, and they are becoming normal. I believe we are over the hump. "The light is breaking in the East." How are YOU fixed toward supplying the demand for window boxes, banking, shrubbery borders and bulb beds? With high transportation rates (and not much hopes of their becoming lower) there never was a better time for the florist or local nurseryman to supply the above mentioned stock. You supply the people with flowers for weddings and funerals, then why not help them make their homes permanently beautiful and this old world a more attractive place to live in? You can do it better than I or any other fellow a thousand miles away. Besides the esthetic value you will be to your community it will help keep your cash register busy. Are you on? It's up to you. Get busy. "Passing the buck is an obsolete sport that passed with war conditions." "Letting George do it" won't go now. Buck up. Get busy.

Yours for abundant success,

D. W. BABCOCK, Manager.
